Dear Sir:

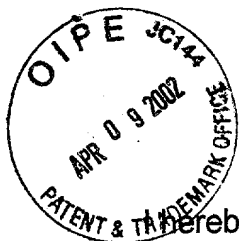

Response To Notice To File Corrected Application Papers

This communication is filed in response to the above-identified Notice, which had a mailing date of March 20, 2002, and a shortened statutory period for response set to expire on May 20, 2002. In compliance with the Notice, nine sheets of formal replacement drawings are enclosed herewith for filing in substitution for nine drawing sheets of formal drawings originally filed. Please note that Figure 13 is contained on sheet number 6 of the originally filed drawing sheets, as well as on substitute drawing sheet number 6. Also, it is believed that the drawing sheets as filed were provided with appropriate margins. Therefore, to minimize the possibility of applicant's attorney filing drawings in the future which do not comply with margin requirements, it would be appreciated if the Initial Patent Examination Division send to applicant's attorney photo copies of non-complying drawings with markings on the drawings indicating non-complying characteristics.

Respectfully submitted,

William L. Chapin
